**RENEWED PETITION UNDER 37 CFR 1.137(a)**

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Attn.: Christina Tartera Donnell, Senior Petitions Attorney

Madam:

This Renewed Petition is made in response to the decision mailed April 18, 2006, on the Applicants' Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 CFR 1.137(a).

Applicants filed the original petition, along with the required reply to the outstanding restriction requirement, the requisite petition fee, and a statement that the entire delay in filing the required response from the due date until the filing of a grantable petition was unavoidable. The Decision on that petition concluded that the record provided by Applicants was inadequate to show that the delay was unavoidable within the meaning of 35 U.S.C. § 133 and 37 C.F.R. 1.137(a).

Specifically, the Decision noted that Applicants failed to submit a copy of the docket record where the non-received restriction requirement would have been entered had it been received and docketed. This is the only deficiency that was noted in the Decision.

In response, Applicants are attaching to this Renewed Petition two relevant docket printouts. The first (Exhibit 1)<sup>1</sup> shows all docket entries for the present patent application. The second (Exhibit 2) shows all docketed deadlines when the reply to the subject restriction requirement would have come due, from the indicated mailing date of the restriction requirement (January 24, 2005) until four months thereafter. Neither printout shows the subject restriction requirement. As pointed out in the original petition, if the restriction requirement had in fact been received, it would have been entered into our docketing system as a matter of normal procedure and, therefore, would have shown up in both attached printouts.

Neither Applicants nor Applicants' attorney ever received the restriction requirement. The present submission is believed to cure the only deficiency noted in the Decision. Accordingly, Applicants renew their petition to revive the subject patent application based on unavoidable delay.

<sup>1</sup> Note - the founding date of the firm, January 1, 1908, is used where no action is taken. Any other date indicates the date that action was taken on the part of the USPTO or the Applicants' attorneys.

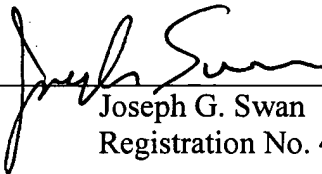

Serial No. 10/630,032

As the requisite fee for the petition was included with the initial filing, no fee is believed due. If there are any additional fees due in connection with the filing of this paper that have not been accounted for in this paper or the accompanying papers, please charge the fees to our Deposit Account No. 13-3735.

Dated: May 9, 2006
